Second International Conference on the Geology of the Tethys (19-22 March, 2007, Cairo University)

Dear

Under the Auspices of Prof. Ali Abdel Rahman Youssef - President of Cairo University, Prof. Hamdi Mahmoud Hassaneen - Dean of Faculty of Science - Cairo University, The Tethys Geological Society is planning to host the second conference on the Geology of the Tethys at Cairo University. The target of this meeting is to cover the Precambrian and Phanerozoic Geology of the Tethys domain. The suggested themes are: 1- Regional Geology and Basin Analysis. 2- Precambrian Geology. 3- Geology of Ancient and Recent Deltas. 4- Geology of Hydrocarbon, Mineral Resources and their Impact on the Environment and Economic development. 5- Quaternary Geology of Circum Mediterranean Region. 6- Geophysical Studies.

A good link between the interested scientists in Europe, America, Asia, Africa and Australia will insure a successful conference. The followings are some of the conference activities: 1- Circulars will be distributed among concerned institutes. 2- Accepted abstracts will be distributed in the conference. 3- Three field trips will be organized after closing the conference agenda. 4- Companies participating in the conference are encouraged to hold scientific exhibitions. 5- Papers presented in the conference will be refereed and published in the conference proceedings.

The Tethys Geological Society has the honor of inviting you to participate in the conference activities and kindly requests the distribution of this announcement among your colleagues in your institution.

We hope to convene a successful conference. Thanks for your constructive cooperation and support.

The Tethys Geological Society
